**Re. RJM Conveyor Services**

**To Whom it may concern.**

**I have known Bob Miller for approximately 15 years through the conveyor industry and more recently I have had the pleasure to use Bob on several projects as well as shorter duration works as RJM conveyor services.**

**Bob brings a wealth of knowledge with splice and QA supervision and is quite capable of conversing with people on all levels to share his knowledge of conveyor belt splicing.**

**RJM Conveyor Services follow our core values in Trust, Freedom to act, passion to win and for one another and put their clients first everytime.**

**I have no hesitation in recommending RJM Conveyor Services Pty Ltd to you and trust that your experience with them will be as positive as mine.**

**Regards,**
