To Whom It May Concern

It's with pleasure that I am referencing Bob and RJM Conveyors.

I've used RJM Conveyor Services Pty Ltd to provide splice supervision and in particular, splice QA,

We have done some extremely challenging jobs over the years and RJM Conveyors have provided excellent service and conducted themselves in a professional manner.

The quality of the QA system that they have developed is un parallel in our industry.

I'll be working with them again and can recommend them without reservation to others in need of similar splice supervision and QA and trust that your experience with them will be as positive as mine."

Yours Sincerely

Brett Maiden
